

# **SUMMER SCHOOL**

*For adult students or young adults*

It is about one week stay (6 days + 2 travel days) during a period to be chosen from half June to end July, and from half to end of August. Each flow will host a maximum of 20 persons, so a maximum of 50 persons per month.

Didactical program:

- Two hours of Italian lessons per day (12 hours)
- One local art history lesson (2 hours)
- One lesson regarding Italian art history (2 hours)
- Two Italian cooking lessons with tastings (3 hours per lesson)
- One wine tasting lesson (2 hours)
- One guided city tour (2-3 hours)
- Guided tour of Cividale (UNESCO World Heritage city) or Trieste, European capital of science in 2020 (to be chosen, half day visit)

Visit to Venice (free visit, unless further requests for an integration within the program, whole day)

The program can be modified to own requests: if only the teaching typology is changed the costs could not be different, otherwise everything will be agreed.

In any case, on demand activities will be allowed with further costs to be agreed.

**Note that we can receive students only from half June till end of July and from half to end of August, otherwise accommodation costs would rise up very much and consequently the fees too. Keep also in consideration that, for organizational purposes, we can host a maximum of 20 students per flow.**
